Education

KIET deemed to be University *2024 – 2028*
Bachelor of Technology in Computer Science and Information Technology **8.29/10**

Purnea College, Purnea *2021-2023*
Intermediate (12th Standard) **79.0%**

St.Peter's High Scool Purnea *2021*
Secondary School Certificate (10th Standard) **91.0%**

Experience

Smart India Hackathon Participant Sept 2025
Tech Stack: Problem Solving, Team Collaboration, Rapid Prototyping

- Collaborated in a team to design and develop innovative solutions for real-world problem statements under strict deadlines.
- Applied **problem-solving and rapid prototyping** skills to build functional project components during the hackathon.
- Contributed to **ideation, development, and final presentation** of the project before evaluators.

Projects

World Heritage Site
Tech Stack: HTML, Tailwind CSS

- Developed a responsive web platform showcasing 50+ UNESCO World Heritage Sites across India with structured information and visual content
- Designed interactive UI components enabling users to explore detailed pages by clicking on site names and images
- Implemented clean and modern layouts using Tailwind CSS to improve accessibility and user experience across devices
- Added navigation and footer sections for better usability and seamless browsing experience

Instagram (C++)
Tech Stack: C++, Object-Oriented Programming, File Handling

- Built a console-based Instagram clone using C++ implementing core social media functionalities
- Designed features such as user account creation, login system, post uploads, and story management
- Implemented follow/unfollow functionality to simulate real-world user interactions
- Utilized file handling for persistent data storage, ensuring user data is retained across sessions

Netflix
Tech Stack: HTML, CSS, Tailwind CSS, JavaScript

- Developed a responsive Netflix-inspired web application replicating modern UI/UX design and layout
- Designed dynamic movie browsing interface with categorized sections such as trending, popular, and top-rated content
- Implemented interactive features like hover effects, banners, and smooth scrolling for enhanced user experience
- Optimized layout for different screen sizes ensuring seamless performance across devices

Technical Skills

Programming: Java, C++, C, Python, JavaScript
Web Development: HTML, CSS, Tailwind CSS, JavaScript
Core CS: Data Structures and Algorithms, Object-Oriented Programming, Operating Systems
Tools: Git, GitHub, VS Code, Postman
Database: MySQL

Certifications

- AWS Certified Cloud Practitioner
